we re off to the holy city luciel is moving up in the world and people both good and bad powerful and weak have begun to take notice of this peculiar young man bent on becoming the best healer he can be in order to aid the many people who can t afford treatment from the price gouging clinics he accepts his new position with trepidation heading straight for the source of the infamous guild s corruption but something is up with the church a labyrinth of monsters lurks beneath the floor of the healers headquarters and a number of players are moving in the shadows as luciel desperately continues to cling to his hope of mundane normalcy will he succeed in finding comfort in his new life abroad will his talents lead him to some sense of stability or will he find himself getting far more than he bargained for new faces new trials and new offensive nicknames await the masochist healer as his journey continues

luciel and his comrades have defeated dongabar and his demonified men and the church of saint shurule is safe for now but there is no time to rest as the fight is far from over a letter written by the traitor himself tells luciel all about the demonification experiments blanche and illumasia have been carrying out and much to the masochist sage s dismay he can no longer delay his journey to these nations to survive the trials ahead he ll need new allies starting with a certain magic artificer he s been meaning to recruit for some time but the real dilemma lies in choosing where to go first the dukedom of blanche lumina nadia and lydia s home nation or the illumasian empire which has been causing luciel nothing but trouble from the start if it were up to him luciel would steer clear of both but alas the world won t save itself

the world now has its first sage in over a century luciel returns at last from his extended stay in the city in the sky with wondrous powers in hand and this displeases a very particular faction within the church of saint shurule red carpets were never the timid s rank s style but an armed platoon isn t exactly what he had in mind for his homecoming either to make matters worse just about everywhere luciel turns is yet another plot in the making four months can really leave a guy out of the loop demons amnesia volatile rumors doppelg[?] ngers in the empire it seems like the entire world is out to get the ex healer but why is it all just a coincidental twist of fate or

is there something more sinister at play

luciel arrives at the city in the sky hopeful he can retrieve what he's lost all is not as it seems though as neldahl holds many secrets in unlikely places how many of the city's curious features are merely the proclivities of lord reinstar and how many speak to conspiracy the s rank isn't sure he wants to know so it's a good thing he has plenty to occupy him like hitting the books practicing magic and exploring the labyrinthine halls of the sorcerer's guild the solution to regaining his powers surely lies somewhere within their vast archive of tomes or so luciel would like to believe but trouble has a way of finding the poor healer on hiatus and unfortunately he's grown used to it it's only a matter of time before it arrives the question now is whether he'll be ready to face it when it does

his trials and tribulations in yenice behind him at last luciel makes for his next destination rockford followed by the kingdom of dwarves while the republic of saint shurule creaks under the weight of a new wave of human supremacy the hapless healer's hopes for an easy mission are short lived as the journey develops into something far more complicated than he signed up for again something crawls beneath the earth threatening to topple a precarious monarchy and there's more to the magical streets of the artisan's haven than meets the eye will the masochist healer ever catch a break unfortunately it doesn't seem likely and the more information that comes to light about his fate the grimmer luciel's future becomes

saint weirdo returns to the holy city and surely a few months of peace and calm await the masochist healer back on his own turf this time for sure yeah right luciel's homecoming is less a vacation and more a pitstop on his never ending list of responsibilities as an s rank healer the enigma that is estia and her connection to the mysterious libzalea loom in the background as all the while the church continues to reel under the changes its newest s rank brought so suddenly the captain of the guard can scarcely get a grip in the wake of such greatness and in her desperation to match the saint's accomplishments she just might do something drastic meanwhile the shadows in the dark are always lurking but closer than ever before perhaps beneath their very feet

there's no time to lose luciel and the gang make for grandol with all haste on a heroic quest to save a damsel in distress not the hapless healer is in no rush to go sticking his neck out for others but he's not one to break a promise to an all powerful dragon when they arrive though things don't exactly go as planned and a detour takes luciel on yet another rescue mission this time at an auction but a bid war is only marginally less lethal than a labyrinth especially when it's being run by a shady character who seems to know more than he lets on and that's the least of the poor s rank's worries with brod back around class is about to be back in session and it's looking to be the hardest course in brutality luciel's ever taken meanwhile the healer wonders what it is that keeps making him the center of chaos is it the mere whimsy of fate or he himself and what happens when it puts the people he cares about in danger

change is coming for the church of saint shurule and luciel's first act as an s rank healer is one that promises to shake the very foundations of the healing profession but leave it to the ignorant masochist to find himself once again in way over his head in the process the shoes that he's inadvertently stepped into those of his legendary predecessor won't be easy to fill and the whole imprisoned dragons debacle continues to loom over the hapless young man as he struggles to move forward but as they say preparation is key leadership an ever growing harem of old men and backyard barbeques are just some of the trials that await this unusual protagonist as the next chapter of saint weirdo's path to greatness begins

with the dragon slayed and corruption in the church uprooted luciel returns to yenice a hero but a hero's work is never done his revolution is ambitious too ambitious some might say and in the wake of change always comes resistance as it turns out dragons just might be the least of his worries when he realizes that the weeds he plucked might have only been a symptom of the city of freedom's underlying disease politics are a dangerous game and luciel's found himself stranded on the board but is he a player or a pawn as the wicked one's shadow creeps nearer and the empire's boot marches ever closer luciel's prospects of a peaceful life seem to slip further and further away

the journey to yenice is long and luciel has a big task ahead of him charged with reviving a long defunct branch of the healer's guild in a nation of beastfolk the s rank healer's mission was never going to be easy but things are made even more complicated when it is revealed that the country is home to its own host of problems and even luciel's reputation isn't enough to keep trouble away in contrast to his time at the adventurers guild the welcome mat hasn't exactly been laid out for him and he'll have to learn to navigate the murky waters of local affairs or risk falling victim to the schemes that unsavory politicians are concocting from the shadows

one moment a certain salaryman is on cloud nine that promotion finally within his grasp and the next he's keeled over pain and that was all she wrote luckily for him fate had a bit more to say a world of magic monsters and other such life shortening entities await his newly reincarnated self for a second shot at life with nothing but his past life experiences and sharp business skills to guide him in the foreign lands of galdardia he takes up the name luciel and vows that his next demise will be from naught but old age and what better way to avoid a nother gruesome death than by taking up a nice cushy job as a healer but getting by in another world doesn't come easy or cheap it'll take a lot of blood sweat and tears to hone the skills he needs to make his way but make it he will or die again trying

one man's story of turning blood sweat and tears into a successful living literally after his untimely death as the hardest working salary man in japan luciel is reincarnated into the magical fantasy world galdardia always the man with a plan he recreates himself to be a healer and sets about making his way in the world but while luciel knows a thing or two about making money he knows absolutely nothing about galdardia will his good heart and great work ethic be enough to make him the great cleric after being reincarnated luciel sets off on his quest with three silver coins in his pocket and a desperate need to make more his first stop is the town of merraton where he's no sooner in the gate than he's bowled over by rowdy adventurers however he's rescued by the mysterious and beautiful lumina who takes him to the healer's guild to get registered but before he can start making money he's going to have to learn to heal first and training in this world doesn't come cheap or easy all luciel knows is he's got a tough road and a lot of long days ahead
